

# It's coming! Ringgold UDL Symposium

Ringgold Middle School, December 14, 2018

## Pick Your Own Path

The UDL Symposium will combine a showcase of our current expertise and new learning opportunities to help inform and inspire your practice – in just the way you want it to.

CHOOSE from a variety of professional learning sessions to help guide your practice based on solid research. **For session descriptions, see the attached Google link.**

Sessions will be led by our UDL experts Joni Degner, Bryan Dean, and Megan Marie Van Fossan as well as other Ringgold administrators and teachers leading the way in UDL. Several sessions are hands-on, so please bring your laptops!

### UDL Expert Sessions

Get UDL Intel “straight from CAST.” Joni will help you explore topics like **Structuring Choice for Success** and **Promoting Reflection, Self-Evaluation and Goal-Setting**. Bryan will offer guidance and answer questions on how to **Make Your Classroom Your Co-teacher** and how to **Plan for the Variability of Your Learners**. Still have questions? Our fearless leader, Megan Van Fossan, will give it to you straight with **UDL Looks Like THIS** and **Firm Goals, Flexible Means** -- or go a giant step forward in your practice with leading research from Harvard University on **Improving Learning & Collaboration**. You will also hear about practices and technology to support UDL -- as well as perspectives on others’ UDL journeys. A full list of session titles appears below.

### Sessions

- **Make Your Classroom Your Co-teacher**
- **Instructional Design: Planning for the Variability of Your Learners**
