**Initiative Begins**

Applicants are notified of acceptance by August 14. More details are shared via email and virtual meetings.

**Research Implementation**

Educator and researcher teams explore problems of practice as identified by the educator. Teams join monthly check-in and technical assistance meetings with the Shifting Power project team.

**Group Learning and Orientation**

Participants engage in three full or half-day convenings (October 10 and two dates TBA) to learn, connect, and explore issues of equity in research and development. Educators and researchers are paired.

**Learnings Documented**

Learnings about how and when shifts in power occurred are documented to share with others in our region and nationally.
