

**PERSONALIZED
LEARNING**
working group
powered by
remake
learning

The **Personalized Learning Working Group** is a collaborative comprised of diverse education and community leaders working together to reimagine education practice and policy, grounded in a preferred future for education in the region. We collaborate to define a shared vision, increase equity, and drive systems change that will lead to increased personalization and learner agency.

PERSONALIZED LEARNING

Centers learning around each student's readiness, needs, and interests

Creates authentic, equitable learning opportunities

Ensures success in future-ready knowledge, skills, and dispositions

OUR VISION

Throughout our region and state, Personalized Learning honors the voice, potential, and dignity of each learner through authentic connections and engagement

AFFINITY GROUPS

Practice Affinity Group: Focuses on resource sharing, continuous improvement, examining intersections of regional work, and establishing a framework for scalability

Policy Affinity Group: Focuses on communicating policy opportunities/challenges, lawmaker education and technical assistance, relationship development, and capacity building

WHO WE ARE

KnowledgeWorks • University of Pittsburgh School of Education • PL²
SWPA Personalized Learning Network • University of Pittsburgh Institute of Politics

STAKEHOLDERS

Educators (pre-service and practicing) • Community Members • Learners
Higher Education • Families & Caregivers • Business & Industry • Counselors & Wellness
Youth Development • District Leaders • State & Regional Representation

WE SEEK TO

Help educational partners and districts operate under a shared, strategic vision of Personalized Learning with aligned goals and values

Establish a common framework for the long-term sustainability of personalized, competency-based learning in the region

Gather input from stakeholders on current policy flexibilities and challenges

Work with stakeholders to develop a set of policy change recommendations and begin to advocate for those changes with the state

OUR VALUES

Competency-based learning

Learner agency, through voice and choice in how, when, and where they learn

Relationship-building, through connections with the learners, schools, and communities

Culturally relevant systems of curriculum and assessment, support, distribution of resources, and platforms of learning
